

## Join In package for young people

We think it's important for young people (children from ages 4 to 18) to be able to actively participate in what is happening in the municipality of Noordoostpolder. This is not always as easy as it may sound. Are you a low-income family with children in the age range mentioned above? If so, you – or, more specifically, your children – may be eligible for the Join In package for young people which gives your child access to all kinds of social, sports-oriented, educational and cultural activities.

## How do you apply for the Join In package for young people?

Applications must be submitted in writing. To do this, download and print the application form below. After having filled out and signed the printed form, send it to us, along with the requested paper work. You may also hand them in at the City Hall reception desk, or you can scan the application form and attachments and send them by email to [bijzonderebijstand@noordoostpolder.nl](mailto:bijzonderebijstand@noordoostpolder.nl). Make sure, if you choose the email option, that your scanned documents are clearly legible (not too big, not too small).

Use the Credit ('tegoed') application form for other activities if you are applying for support for social, sports-oriented, educational or cultural activities.

Use the Products ('producten') form if you are applying for a bicycle, computer package or swimming lessons.

## Conditions for the Join In package for young people

The conditions for the package have been officially documented in the associated municipal policy guidelines ('beleidsregels Meedoenpakket 2018 gemeente Noordoostpolder').

These conditions are:

- You are a resident of the city of Noordoostpolder,
- You have a child in the age range of 4 to 18,
- You have a low income.

Low income refers to a net monthly income equal to or less than 120% of the standard monthly social assistance benefit, exclusive of holiday allowance.

Please note that, under these arrangements, care, rent and childcare allowances do not qualify as income components. The same is true for child benefits.

For assistance in filling out the application forms, feel free to contact Humanitas [Formuliereninloop \(op afspraak\) \(humanitas.nl\)](mailto:Formuliereninloop@humanitas.nl)
